7437**

**AGENCY:** Public Buildings Service, General Services Administration (GSA).

**ACTION:** Notice of request for comments regarding an extension to an existing OMB clearance.

**SUMMARY:** Under the provisions of the Paperwork Reduction Act, the Regulatory Secretariat Division will be submitting to the Office of Management and Budget (OMB) a request to review and approve an extension of a previously approved information collection requirement regarding Art-in-Architecture Program National Artist Registry, GSA Form 7437. A notice was published in the Federal Register at 80 FR 79897 on December 23, 2015. One comment was received.

The Art-in-Architecture Program is the result of a policy decision made in January 1963 by GSA Administrator Bernard L. Boudin, who served on the Ad Hoc Committee on Federal Office Space in 1961-1962.

The program has been modified over the years, most recently in 2009, when a requirement was instituted that all artists who want to be considered for any potential GSA

commission must be included on the National Artists Registry, which serves as the qualified list of eligible artists. The program continues to commission works of art from living American artists. One-half of one percent of the estimated construction cost of new or substantially renovated Federal buildings and U.S. courthouses is allocated for commissioning works of art.
